

TRANSFORM FORTH VALLEY

Compassion • Inclusion • Respect • Partnership

Transform Forth Valley is dedicated to empowering individuals and families to live a more fulfilled life.

We work with partners to actively challenge inequalities and to achieve sustainable change.

Social Inclusion Project Clackmannanshire and Stirling

The Social Inclusion Project (SIP) works with individuals over 16 within the area to access support and engage with community services.

Those accessing the service have experience of problematic substance misuse, are currently offending or involved with anti-social behaviour and are not on a Justice order.

Social Inclusion Project Clackmannanshire and Stirling

Who are we?

The SIP Clackmannanshire and Stirling works in partnership to provide a multiagency response to individual need with Stirling and Clackmannanshire Councils, NHS Forth Valley, third sector partners, Scottish Fire and Rescue and Police Scotland.

What do we do?

We work with individuals with a wide range of complex issues and often unstable lifestyles, who are either not involved with, or find it difficult to stay engaged with mainstream services.

How do we do it?

We carry out a full assessment of need and develop a personalised and unique plan of support. This may include assistance to access local services, addressing housing needs, accessing benefits, treatment for drug or alcohol issues, referrals for mental health support, or engagement with the community justice teams.

As independence and stability increase, involvement with SIP will reduce and ultimately cease
